Half way done,
Half way to go ☺

Course

- ▶ 8 weeks remaining

- ▶ Last week = final exam

- ▶ The week before last week = project presentation

- ▶ **6 weeks of lectures**

- ▶ **4-6 assignments + 1 quiz + Final project + Final exam**

My Plan for Remaining Lectures

- Cloud Computing
- Big Data
- Artificial Intelligence
- Security
- Privacy
- Workplace Transformation + Online Education

Requests for any special topic? Let me know!!

Reminder: Final Project

- **Progress Report (3pts) is due Sept 4th**
    - At most one-page word document, containing what you have done so far in this project and what is left to be done

- **Project Presentation (10pts) is due Sept 22nd and 25nd**
    - 12-minute presentation and 3-minute Q/A

- **Project Report (10pts) is due October 8th**
    - At most 10-page word document

If you haven't started, now it's time to get started ☺

Project Report Format (10pts)

- **Title/Abstract (1pt)**

- **Introduction (2pts):** Importance of this technology in targeted society

- **Literature Review (2pts):** Explain in details how this technology is used in targeted society

- **Challenges/Solutions (2pts):** Layout existing or past challenges and how they were/can be solved

- **Results (2pts):** Show impact on society (e.g., by presenting case studies) and describe your opinions

- **References (1pt):** Make sure your references are well formatted
